CAMPUS LIFE

Experience the energy and vibrancy of campus life through events, activities, and celebrations that define Academic City.

ACADEMIC CITY HOLDS 5TH GRADUATION CEREMONY

The Class of 2026 had plenty to celebrate this year. Alongside 153 undergraduate students, Academic City proudly graduated its first-ever cohort of postgraduate students, marking an important milestone in the university's journey.

The ceremony brought together proud families, friends, faculty members and a few people who probably shed more tears than the graduates themselves. It featured Bernard Avle, General Manager of Citi FM and Channel One TV, as Guest Speaker, while Alhaji Mahama Iddrisu, former Minister of Defence of the Republic of Ghana, graced the occasion as Guest of Honour.

The ceremony celebrated the graduation of 157 students from various disciplines. The group comprised four masters and 153 undergraduate students.

ACADEMIC CITY HOLDS ALUMNI CONNECT

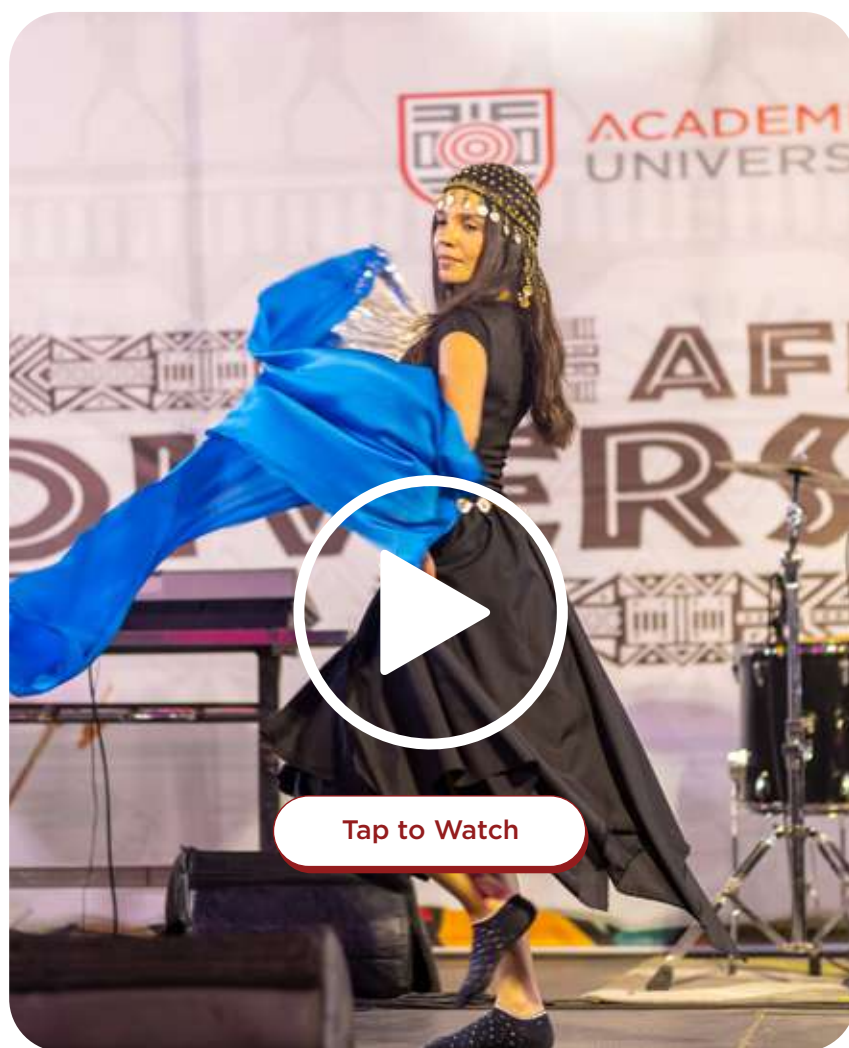

Tap to Watch

There was no shortage of laughter, memories, and meaningful conversations at the recent ACity Alumni Connect, which brought Academic City graduates together for an evening of networking and community building.

Alumni shared stories of their journeys after graduation, reconnected with former classmates, and explored opportunities for collaboration across industries. The event highlighted the strength of the Academic City network and the enduring relationships formed long after graduation day.

For attendees, it was both a celebration of how far they had come and a reminder that they will always be part of the Academic City family.

Colour, creativity, and culture took centre stage at Academic City's African Diversity Day, as students celebrated the traditions and heritage that make Africa unique.

The event featured a dynamic mix of music, drama, dance, and artistic performances, offering the university community an opportunity to experience the continent's cultural richness firsthand. Through their performances, students showcased the stories, customs, and values that shape Africa's diverse societies while highlighting the connections that bring them together.

ANGOLAN MINISTER OF STATE EXPLORES STEM PARTNERSHIP WITH ACADEMIC CITY

Academic City University hosted H.E. Dionísio Manuel da Fonseca, Minister of State and Chief of Staff to the President of Angola, to explore opportunities for collaboration in STEM education and innovation.

The visit provided an opportunity to discuss partnerships between Academic City, higher educational institutions in Angola, and the Angolan government aimed at advancing STEM education across the continent. The delegation also toured the university's engineering laboratories and innovation facilities.

PARTNERSHIPS & INNOVATION

Collaborations, industry advancements, and infrastructure developments that shape the future of education and research.

ACITY LAUNCHES NINE NEW PROGRAMMES TO DEVELOP FUTURE-READY LEADERS

As part of its commitment to developing home-grown talent capable of addressing Africa's most pressing challenges, Academic City has introduced nine new academic programmes designed to equip the next generation of innovators, leaders, and problem-solvers.

The new offerings are

- BSc Data Science and Artificial Intelligence
- BSc Nuclear Engineering
- BSc Unmanned Aerial Systems Engineering
- BSc Electric Vehicle Engineering
- MSc Management
- MSc Robotics Engineering
- MPhil Robotics Engineering
- MPhil Materials Science and Engineering
- STEM-MBA

These programmes reflect Academic City's belief that Africa's future will be shaped by individuals who understand the continent's unique opportunities and challenges. By providing cutting-edge education in emerging and high-impact fields, the university is investing in the talent that will drive innovation and sustainable development across Ghana and beyond.

GLIMPSES FROM THE LAUNCH

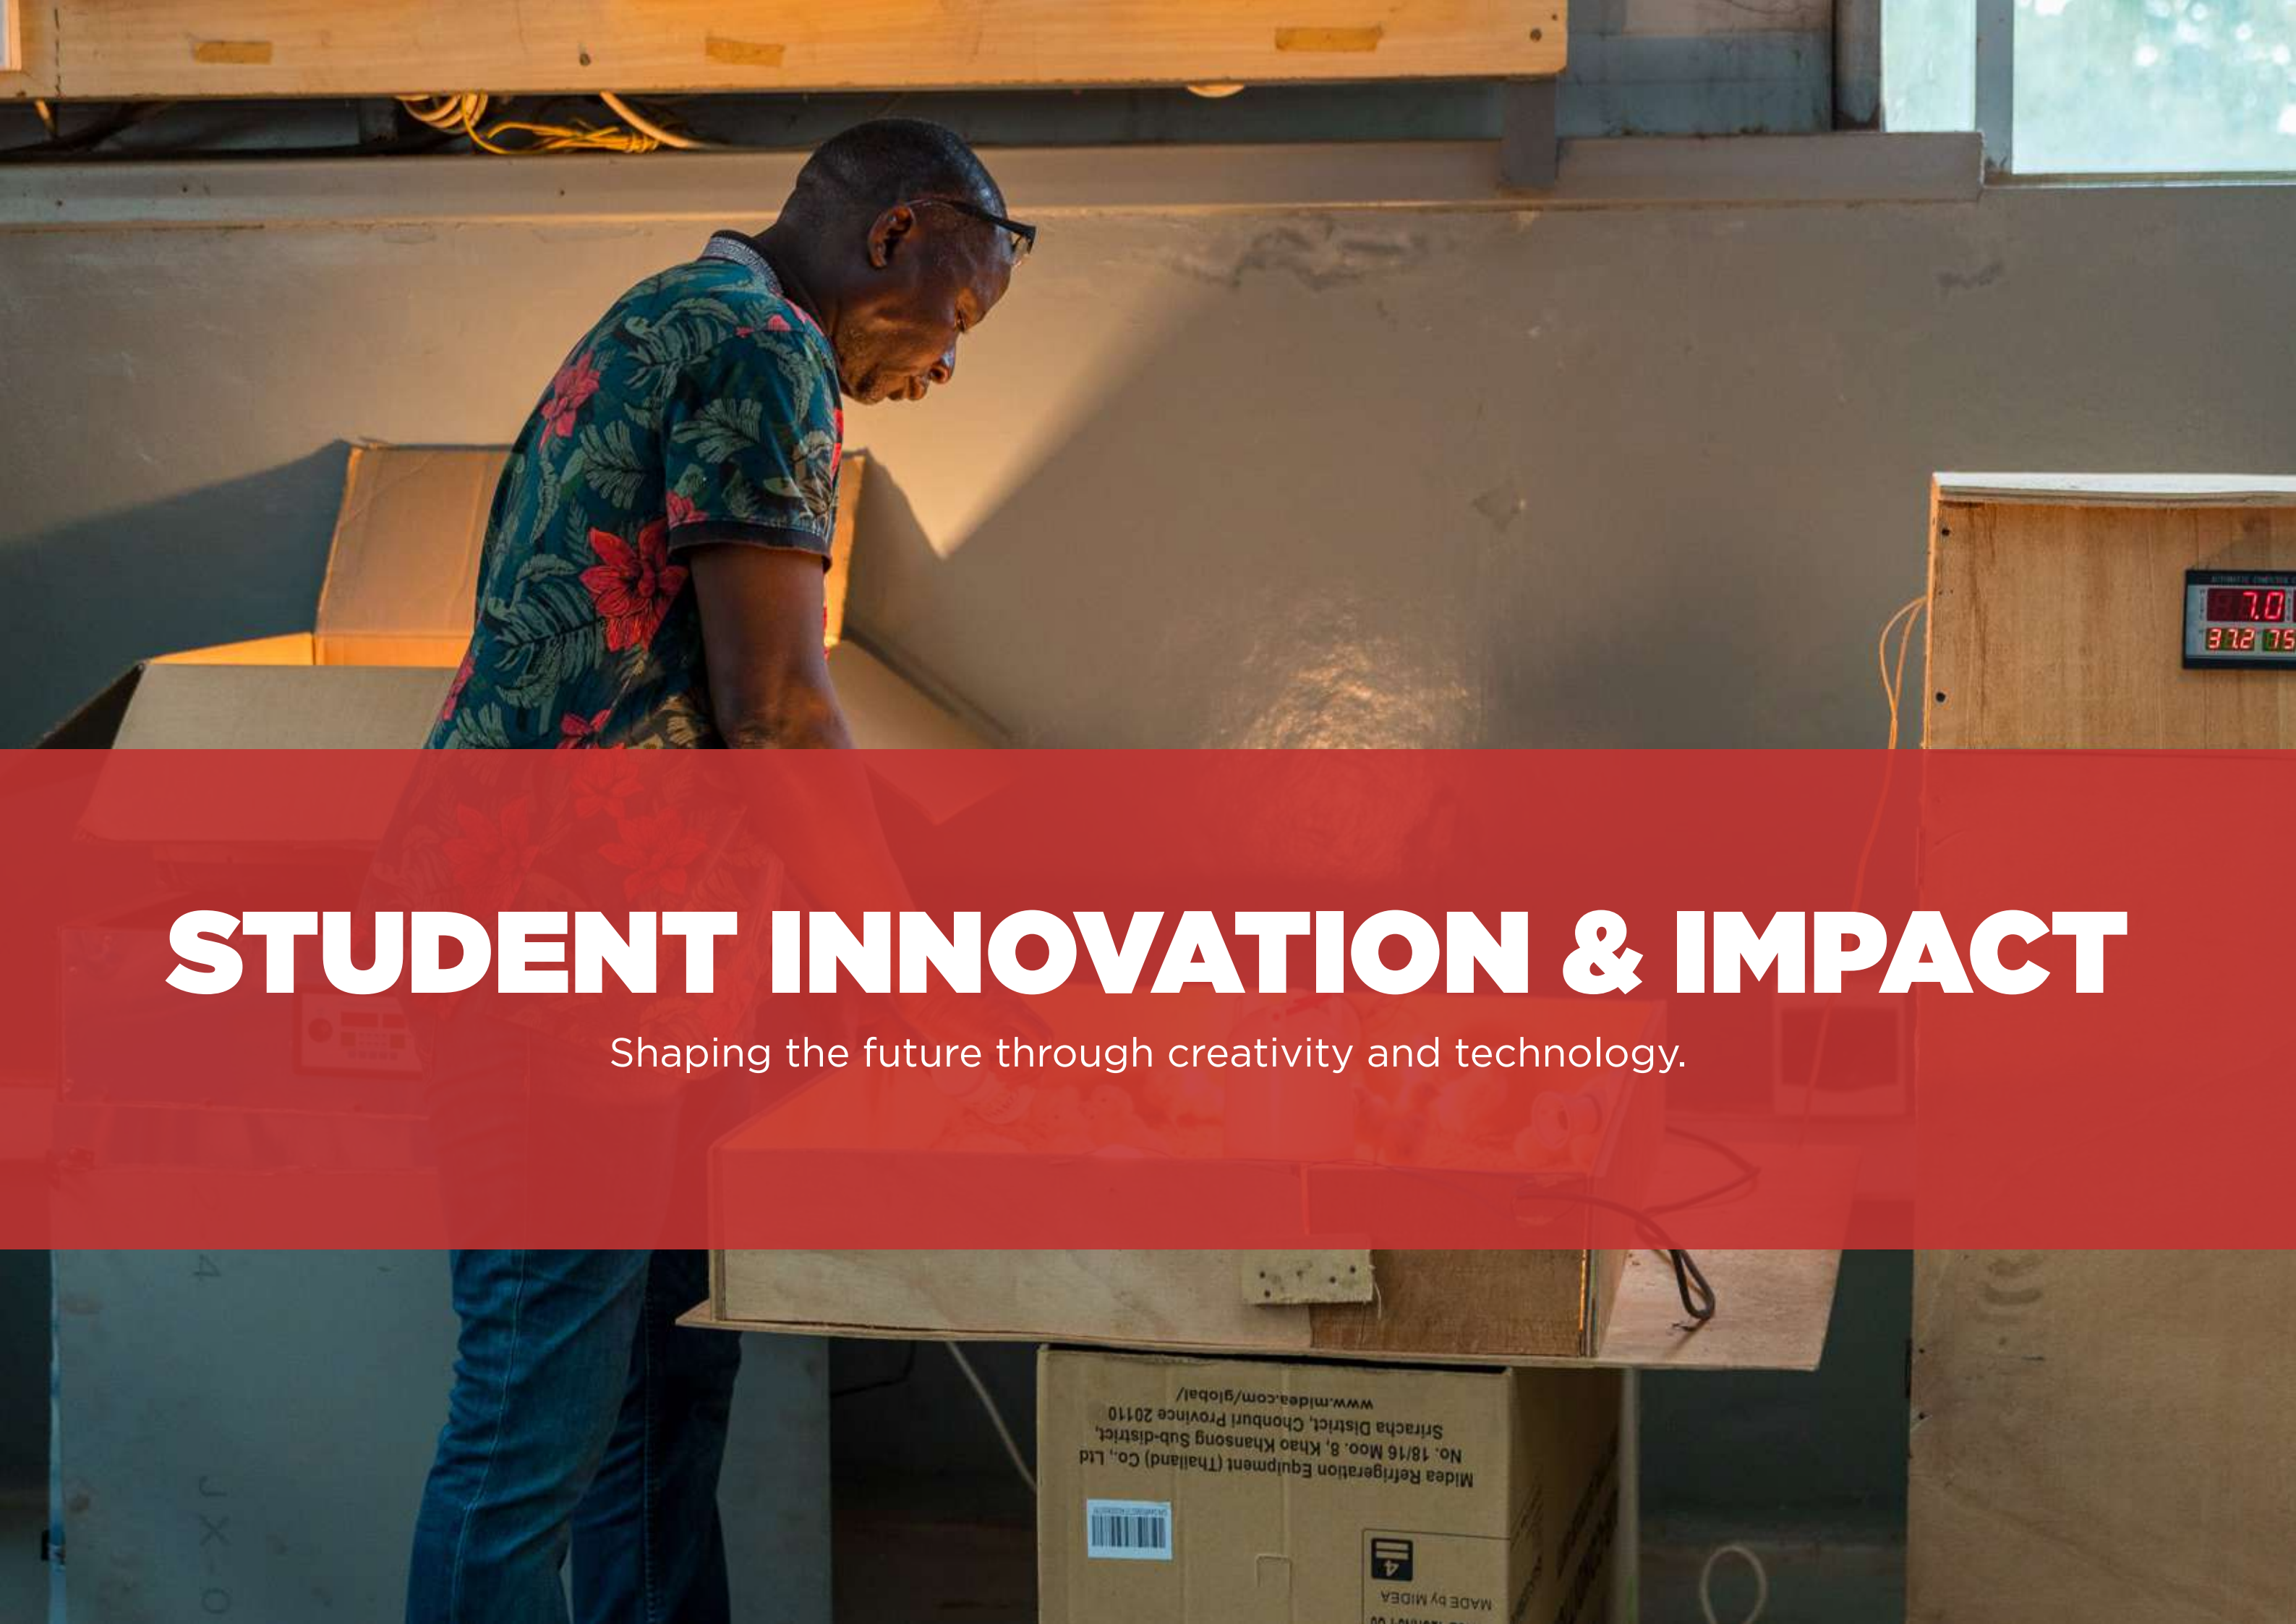

Academic City University recently engaged key stakeholders across Nigeria's education sector, highlighting its vision of higher education as more than a pathway to a degree. Through a distinctive approach that combines academic excellence, entrepreneurship, leadership development, and industry engagement, the university is committed to preparing graduates to lead, innovate, and create meaningful impact in an increasingly dynamic world.

The engagements formed part of Academic City's broader pan-African growth strategy, aimed at strengthening partnerships and expanding access to its unique blend of STEAM and entrepreneurship-focused education beyond Ghana's borders.

A man in a blue and green floral shirt is working on a wooden structure. He is looking down at something in his hands. The structure appears to be a prototype or a piece of equipment. On the right side of the structure, there is a digital display showing the number 7.0 and 37.2 75. The background is a plain wall with some wooden beams.

STUDENT INNOVATION & IMPACT

Shaping the future through creativity and technology.

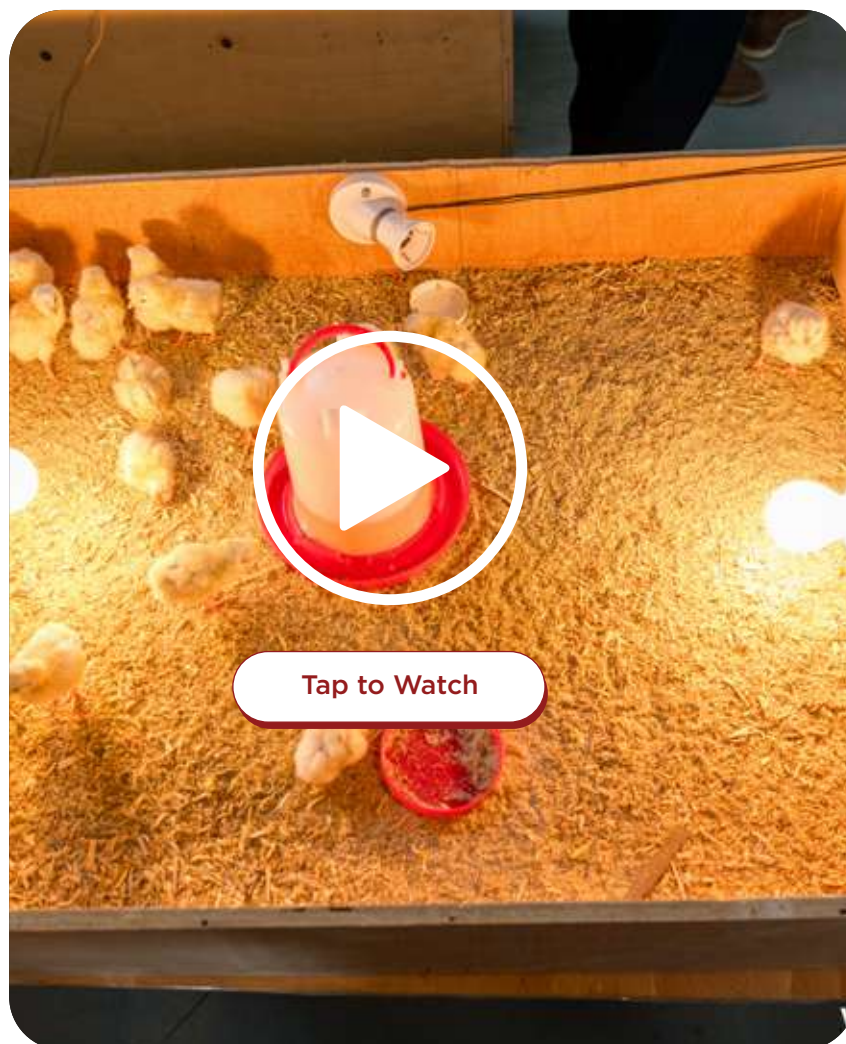

ACADEMIC CITY INVENTS LOCALLY BUILT INCUBATOR

Every engineering problem in this country demands homegrown solutions. In line with the Nkoko Nkitinkiti Programme championed by President John Dramani Mahama, Academic City has built a cost-effective incubator to help increase poultry production and reduce import dependence.

Beyond the technology, the goal is clear: to train and empower individuals and farmer groups to manufacture and deploy these incubators themselves.

COMMUNITY IMPACT

Driving positive change through outreach, volunteerism, and social initiatives that make a difference beyond campus.

ACADEMIC CITY OFFERS FREE HEALTH SCREENING TO BOOST HEALTHY LIVING IN GA EAST

Hundreds of residents from neighbouring communities turned up for this year's Health Screening Exercise organised under the theme "Nourishing Mind, Body and Essence." Participants took the opportunity to undergo free health checks and receive professional medical guidance from healthcare personnel.

The annual exercise, which forms part of the university's Health Week Celebration, underscores the institution's commitment to promoting healthy lifestyles and preventive healthcare among students and residents of the Ga East Municipal Assembly.

A photograph of four Black women standing side-by-side in formal attire. From left to right: the first woman wears a white, long-sleeved, high-necked dress with long, wavy braids; the second wears a red, lace-trimmed dress; the third wears a black, short-sleeved dress with a white collar and holds a small red clutch; the fourth wears a patterned, short-sleeved dress with a high collar and glasses. They are all smiling and standing in front of a dark, draped background. A red banner is overlaid across the middle of the image, containing the title and subtitle.

RECOGNITION & ACHIEVEMENT

Celebrating the accomplishments of our students, faculty, and leadership whose impact, excellence, and dedication bring pride to the Academic City community.

ING. DR. LUCY AGYEPONG HONOURED AT 2026 GHANA WOMEN OF THE YEAR AWARDS

Ing. Dr. Lucy Agyepong, Vice President of Institutional Advancement, has been honoured with the Excellence in Education Award at the 2026 Ghana Women of the Year Honours, in recognition of her outstanding contribution to higher education, institutional advancement and youth development.

She was among twelve distinguished women honoured across various sectors, including governance, public service, business, humanitarian work, creative arts and entrepreneurship.

Her dedication to innovation in education and student success continues to inspire the Academic City community and beyond.

EVENTS & ENGAGEMENTS

ACADEMIC CITY HOLDS MAIDEN CEEA SUMMIT

The maiden Collaborative for Engineering Education Advancement (CEEAA) in Africa Summit was hosted at Academic City University on the theme “Engineering Education for a Sustainable Future in Emerging Economies.”

The event served as a platform for critical discussions on how engineering education can better respond to Africa’s development challenges while preparing graduates for a rapidly evolving global economy.
