

was a distinguished guest at ACity's

The Speaker of the Parliament of Ghana, Rt. Hon. Alban Sumana Kingsford Bagbin Leadership Seminar Series. During this thought-provoking seminar, he underscored the critical significance of youth as 'the wealth of the nation' and encouraged the students to be actively involved in addressing national challenges. His insights on 'Building the next generation of African Leaders' strongly

aligned with ACity's mission.

ACITY ORGANISES COOKOUT TO **COMMEMORATE FARMERS DAY**

> On Monday, December 4, the ACity community gathered together to recognise our society's backbone: our hard-working farmers. The Annual Farmers Day Cookout was a memorable experience that highlighted the critical role our

farmers play in our collective survival.

The variety and richness of the culinary offerings at the cookout were a testament to the diverse cultures represented on our campus. The event showcased a myriad of delicious dishes that were a true reflection of the

agricultural diversity that our farmers contribute to every day. The success of this event was made possible by the generous support of our sponsors: Spice by Miss Cookie, JarToGo, Clinell, Chef Abbys and Xpress Gas. **ACITY STUDENTS VISIT AGROKINGS** The ACity Technology and Society freshmen recently embarked on a transformative field trip to AgroKings, Ghana's largest locally-owned rice farm. The objective was to find ways to use technology to help local farmers overcome obstacles and support agri innovation in the future. Our students, equipped with their passion for technology and societal impact, engaged in discussions with the farmers and agricultural experts at AgroKings. AgroKings, known for its commitment to sustainable agriculture, provided our students with a firsthand experience of the intricacies involved in cultivating one of Ghana's staple crops—rice. The immersive trip allowed our freshmen to witness the dedication, hard work, and expertise that go into every grain that reaches our tables.

ENTREPRENEURSHIP FAIR ACity recently organised its first-ever Business Innovation and Entrepreneurship Fair, which was a remarkable display of creativity and entrepreneurial skills. The fair, organised by the first and second-year students of the Fundamentals of Innovation and Entrepreneurship course (FIE), served as a unique platform for students to showcase their projects. It connected them with the broader community and provided essential exposure for the development of their ventures. read more NAC

A DAY WITH LAHADI SAMIRA, ASTRONOMY **ROCKSTAR**

Lost in the magic of the cosmos, our recent gathering with Astronomy rockstar Lahadi Samira was an extraordinary experience. Lahadi's captivating talk had us all starry-eyed as we explored the wonders of the universe, delving into the mysteries beyond our earthly realm.

The evening sparkled with Lahadi's passion for astronomy, guiding us through the cosmic wonders and enchanting us with the celestial dance of stars and galaxies. Her insights ignited a curiosity that left us with a profound appreciation for the vastness of the universe.

The cosmic celebration took an unexpected turn with the surprise presence of award-winning journalist Portia Solomon Gabor of TV3. As our event unfolded, it became clear that it was not just about the stars above but also the stars among us—the incredible

ACITY ORGANISES CREATIVITY CHALLENGE FOR SHS STUDENT

ACity recently organised its inaugural ACity Creativity Challenge for senior high school students, an event that challenged participants to harness their creativity to depict Ghana's current situation. This exciting competition provided a platform for young talents to express their perspectives on societal issues through innovative means.

The grand finale, held on December 4, was the culmination of weeks of hard work and imaginative exploration. The event recognised participants' artistic expressions as well as their ability to think critically about the current state of Ghana. The ceremony concluded with an awards presentation, recognising the outstanding creativity of the participants and reinforcing Academic City's commitment to fostering innovation and critical thinking.

of the year 2023, adapting to new teaching and learning environments and embracing innovative approaches to education. Our commitment to nurturing the next generation of African leaders has propelled us to overcome challenges and achieve unparalleled levels of success in our quest for excellence. Prof. Fred McBagonluri During this festive season, I will encourage all of us to cherish President - Academic City the bonds that connect us, both within the university community and beyond. It is an opportunity to reflect on the positive impact we have made collectively and the lasting contributions we continue to make to establish Academic City as a university of choice in Ghana and across the continent. Sincere gratitude is extended to each member of the Academic City family for your unwavering commitment and diligent effort. Your commitment to the mission and values of the university has been instrumental in our achievements, and I sincerely appreciate your contributions. I commend each member of the Academic City family for your dedication and hard work. I am truly grateful for your contributions towards the realisation of our mission. May this festive season bring warmth, happiness, and a well-deserved break to us all. May we find time to rest, rejuvenate, and reconnect with loved ones.

Happy Holidays!

ACITY PARTNERS YALI ON THE CLIMATE TECH INNOVATORS AND LEADERS PROGRAMME Reflecting on an extraordinary collaboration with the Young African Leadership Initiative (YALI) and USAID, we are excited to revisit the Climate Tech Innovators and Leaders Programme. We hosted 50 young, dynamic minds hailing from 18 African countries. Over an immersive three-week, in-person programme, these aspiring leaders engaged in a transformative journey of learning, networking, and collaborative efforts to propel sustainable change. Our very own Technology and Entrepreneurship Centre Manager, Awuku Makafui guided these emerging leaders through Business Modelling, Pitch Deck Development, and Commercialisation. Leveraging advanced technologies such as 3D printing and laser cutting, participants enthusiastically worked towards innovative solutions in the realms of waste management, agriculture, and energy sectors. = read more **ACity Shine**
